| Wednesday 14 th December | Stage 2 and 3 S.T.E.M Day |
| Thursday 15 th December | Presentation picnic day |
| Friday 16 th December | LAST DAY OF TERM—all students |

K - 1 Maths

We are learning about fractions and made soldiers to find different fractions. The high fibre, low GI bread with butter or vegemite was delicious.

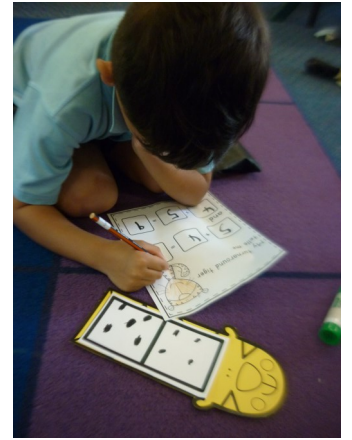

Remembrance Day

On November 11 at 11am, we came together as a whole school to remember those men and women who have served our country and those who have lost their lives in all wars and peacekeeping operations. Our ceremony was lead by our Year 6 leaders.

K-1 Maths

We have been learning turn around facts when using addition. Our Turn-around Tiger helps us to check if our facts are correct.

Kindergarten Orientation

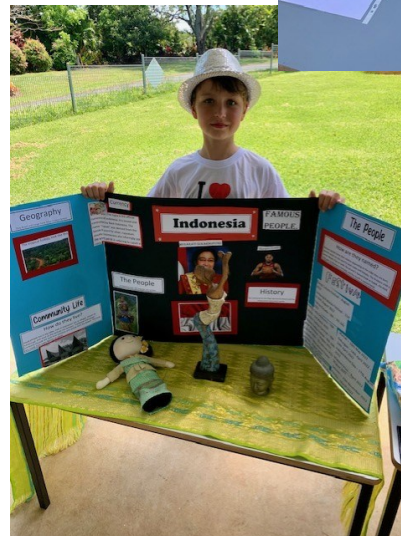

We have continued to enjoy having our Kindy students for 2023 join us each week. We have had fun creating crazy goggles. We also learnt to play *Twinkle Twinkle Little Star* using our boom-whackers. This week we made lions using paper cutting skills.

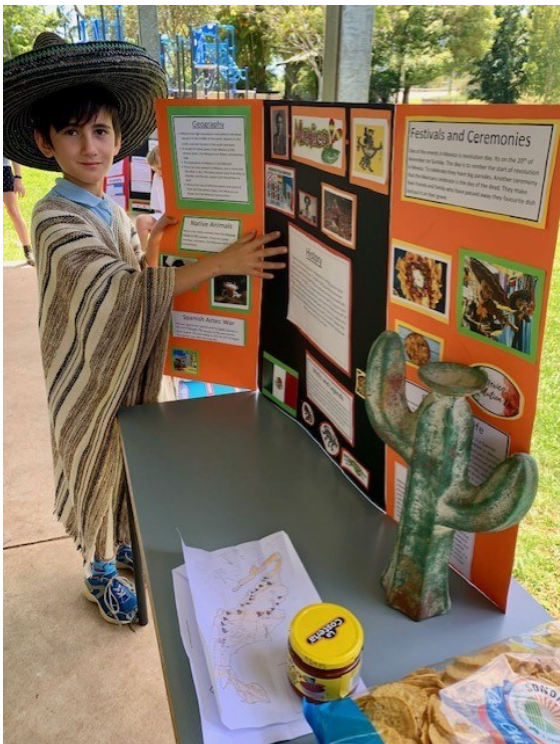

Years 3 - 6 World Expo

On Friday Years 3– 6 presented their history and geography research projects to the wider school. Each child chose their own country of interest and used their research skills to present their findings at our World Expo. Students finished off with a cultural feast with foods from the various countries they had researched.

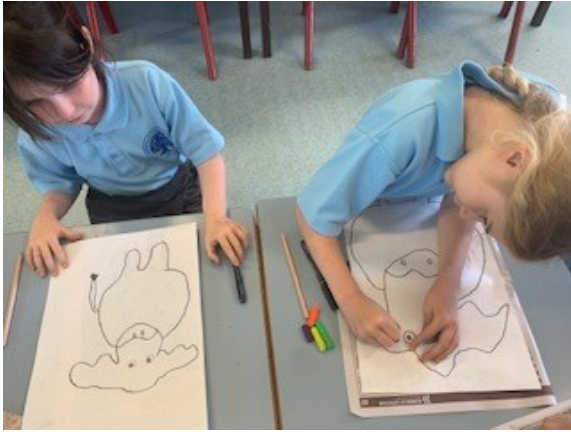

More photos can be found in the gallery on our website; <https://newrybar-p.schools.nsw.gov.au/>

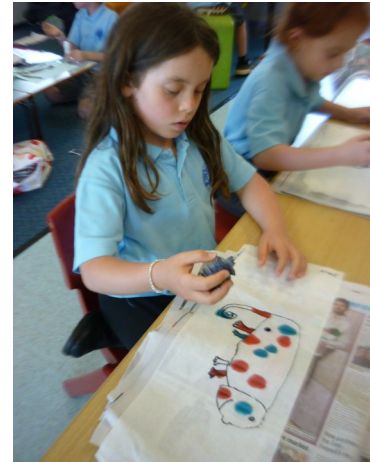

Year 1-2 Visual Arts

Years 1 and 2 have been investigating Dutch Artist Peter Diem. He gained worldwide fame because of his vivid paintings and lively, colourful representations of cows. We had fun creating our own cows using line drawings— oil pastel and dyes.

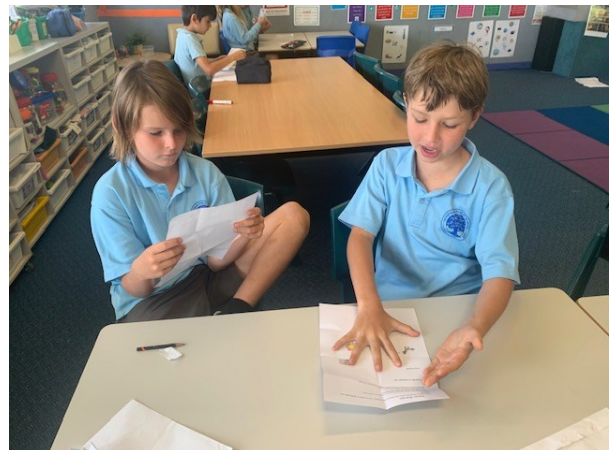

This week we read the story of the *Mixed up Chameleon*. We used line drawings and drops of dye to create our own colour-change chameleons.

Pen Pals

Years 3-6 enjoyed receiving letters this week from their pen pals at Delegate Public School.

Kindergarten Inquiry

The Kindergarten students have been investigating how different type of weather can affect people. They had fun building a shelter to protect their dolls from the sun, wind and rain.

Dr Marji Puotinen visits our School

We were excited to finally see the flag, bearing our artwork, that was taken to Antarctica by Dr Marji Po a few years back. Dr Po talked to us about penguins and how we can help to ensure they maintain their environments. We had fun playing parachute games with the banner and we were also able to locate our individual artworks.

Fundraiser – Doin it for Rural Aussie Kids– Santa Sacks

On Thursday 1st December students are able to come to school out of uniform and bring a gold coin donation for rural kids. Ensure clothing is appropriate for school – no bare shoulders or midriiffs and appropriate shoes.

Cardboard Box Challenge

Years 3 - 6 recently participated in a Cardboard Box Challenge with senior students from Empire Vale Public School. The arcade games they created were fun, functional and enjoyed by all. The children's imagination, ideas and creations never cease to amaze us!

Seed Propagation Workshop

Today our Year 3-6 class were treated to a special native seed propagation workshop, where students learnt how to plant seeds and regenerate rainforests.

The workshop was delivered by staff from the local Firewheel Rainforest Nursery. Highlights included squishing the beautiful purple Dianella fruit, sewing Banksia seeds, and potting up some Davidson plum seedlings. The aim is to plant some of the seedlings in the school grounds.

A series of workshops will culminate in a one day free community festival at the Mullumbimby Community Gardens, on March 4, 2023, called *Regeneration*, funded by the NSW Government's Reconnecting Regional NSW grant.

COVID Update

Parents are reminded that while many restrictions have been lifted, if **your children are sick with symptoms of colds, flus or COVID, they are to stay at home.** RATs should be used if children are symptomatic. RAT tests are available from the office if you require any.

Book Club

Issue 8 is the last book club for 2022. This closes on Friday 2nd December 2022. Parents wishing to order need to order online using the LOOP system which is outlined on the last page of the issue. Thank you to those families who have ordered throughout the year. The school receives rewards for each order that allows us to purchase books for the library.

Nutrition Snippet

SILLY SEASON FUN

Get the kids to design their own festive season creation!

Have fun and get fruit and fibre into the day!
Our super easy [banana pikelet](#) recipe is perfect for the kids to get creative in the kitchen!
